Kenial Projects 2019

- February 2019

Horoholyno/Ukraine: strong snow pants and warm jackets for the children of a mother-child home in Ukraine. And a laptop for the home. The handover is made by Krystyna and her mother.

- February 2019

Guatemala, San Cristobal. The shoes and Tatonkis arrived at the orphanage in San Cristobal. Everything went to the 28 orphans, belonging to the association <http://www.progua.com/>. Thx to Marina and Elisa.

We are urgently looking for more travelers to Guatemala. There is still a girls boarding school in Gua City, needing shoes and blankets

- February

Elbasan, Albanien: warm jackets for the older girls in the girls house of the children's home in Elbasan. And a laptop that has found its place with the older boys in the orphanage. Another for the girls house will follow. Passed Marsid directly, he visited us in Weilheim.

- May

Kathmandu, Nepal: We are very happy to support another orphanage in Kathmandu. In May, we brought warm jackets, rain jackets, pens, pencil cases, some toys, toothbrushes and a laptop. The contact is very good, in October Eva will travel there. Also needed are bags or backpacks for school supplies and shoes.

- May

Kathmandu, Nepal: We also visited the Aishw. Home. For this home we financed tables and benches that were built on site. There was also a laptop and clothes. The impression is not so good this time, there are a lot of DayCare kids staying there. After the home management suffered a heart attack, the home has now restructured at the beginning of the summer and works with fewer children

Kenial Projects 2019

- May

Teheran, Iran: Lots of very small children's climbing shoes and harness for Nasim Eshqi's project: rock climbing with the little ones. It is about climbing with children in Iran on the rock, no matter if girl or boy, everyone is allowed to participate and try out. Sport is always a good reason to go your own way, to strengthen self-confidence. Everything is handed over personally and directly by Kathi and Laura on their way to Iran.

- May

Ura, Bhutan: In the monastery Sumtrhang in Bhutan kenial laptops and lots of warm jackets for the small and older girls arrived. Thx to Maloja for donating the warm jackets and for taking them to the Himalayas. The laptops will help the small nuns to study, but also in the monastery to archive the many cultural treasures. This includes songs, prayers and much more. Many butterlamps were lit for us!

Kenial Projects 2019

- June

China/Tibet: Luis did it. The kenial mountain on the Everest.

- August

Mongolia. Our first cargo transport via container arrived well at the Mongolian NGO Enerliin Tuuchee. 250 pairs of shoes for the children with disabilities, their siblings and NGO staff. These will be distributed in October. This is followed by warm jackets and caps for the children. Here, customs clearance is slow, expensive and complex.

- August

Horoholyno, Ukraine: Again clothes for the children in the mother-child home in Ukraine

Kenial Projects 2019

- September

Zervashan 2, Tadschikistan: With the German Embassy Dushanbe - and an expedition of 5 young mountaineers we were able to bring 50 children warm jackets, hats, good hiking boots and bags. Personally and directly, on the way to the south side of Bolshaya Ganza.

- September

Bohorodtschany, Ukraine. For the school and the dedicated teacher in Bohorodchany there were clothes and some climbing gear.

Kenial Projects 2019

- October

Elbasan, Albanien: On their way through Albania, Leonie and Tommy visited the children's home of the „Albanienhilfe Weilheim“ in Elbasan. And brought new super nice clothes and a laptop for the girls house.

- October

Teheran, Iran: Sören moves on. With a lot of patience and a lot of organization shoes and small backpacks arrived at Simin and the NGO Childfoundation in Tehran. Certainly one of the most complicated kenial projects. At the same time, another project should start with Nasim, but this is currently not feasible.

- October

A new children's home in Ivano-Frankivsk, a city of 200,000 inhabitants in the Ukraine. 28 children live here. First of all, there are warm jackets and rainproof pants for the children's home, plus gloves, scarves and caps. Looks great!
